Team Work: Keep - Quit - Start
ASTR 220
Spring 2016

Name: _____

Section: _____

On this page, you will brainstorm about how to improve your contributions to your team project and help your team work together more effectively.

This will not be graded. It will be used for your reference to give you some direction for how to improve your team work.

In order to help your team work more effectively together and ensure that you are contributing effectively to the team, what will you **KEEP** doing that you've already been doing?

In order to help your team work more effectively together and ensure that you are contributing effectively to the team, what will you **QUIT** doing that you've been doing so far?

In order to help your team work more effectively together and ensure that you are contributing effectively to the team, what will you **START** doing that you haven't been doing do far?
